Administrative Modification #11-23

Mr. Kurt Scherzinger  
Interim Chief, Division of Transportation Programming  
Department of Transportation  
Transportation Programming, MS-82  
1120 "N" Street  
Sacramento, CA 94274-0001

ATTENTION: Abhijit Bagde

RE: ADMINISTRATIVE MODIFICATION #11-23 TO THE 2011 FEDERAL TRANSPORTATION  
IMPROVEMENT PROGRAM (FTIP)

Dear Mr. Scherzinger:

The Southern California Association of Governments (SCAG) is transmitting Administrative Modification #11-23 for projects in Los Angeles, Orange, Riverside, San Bernardino, and Ventura Counties. The projects meet the administrative modification criteria provided by the funding agencies in their letter dated June 3, 2011.

SCAG certifies that these projects are not included in any other amendment that is currently open for public review. This administrative modification adds programming capacity in the amount of \$535 million that relies on the FSTIP federal programming capacity. The financial constraint documentation will be updated to reflect this administrative modification in the next amendment.

The projects included in this administrative modification has demonstrated it satisfies the requirements of 40 CFR 93.118 and 93.119 without a new regional emissions analysis in accordance with the provisions of 40 CFR 93.122(e)(2)(ii). Therefore, SCAG through its function as the designated Metropolitan Planning Organization (MPO) has found the attached projects to conform to the applicable State Implementation Plan and to be consistent with the 2008 Regional Transportation Plan (RTP). The updates of these projects do not impact the conformity analysis of the financial constraints of the FY 2011 FTIP.

Under the delegated authority received from Caltrans, I approve this administrative modification to the Federal Statewide Transportation Program (FSTIP).

If you have any questions, please contact Rosemary Ayala of my staff at (213) 236-1927 or via e-mail at [ayala@scag.ca.gov](mailto:ayala@scag.ca.gov).

Sincerely,

Hasan Ikhata  
Executive Director
